

7th Grade Language Arts

Late Work Policies

Long-Term Projects

All long term projects with an assigned due date will be turned in on or before that date. No exceptions. If any student feels he or she will not be able to complete the project by that date, arrangements should be made to stay after school in order to complete the project by the date it is due. Long-term projects will not be accepted after the assigned due date.

Homework

Homework assignments may be turned in anytime during the grading period in which they are assigned. However, assignments that are turned in late will receive the following penalties: assignments turned within one week will lose 10% of the points earned. After one entire week has passed, assignments will still be accepted, but will lose 50% of the points earned.
